AFFIANT BACKGROUND

I am a Special Agent (SA) with the Bureau of Alcohol Tobacco Firearms and Explosives (ATF) and have been so employed since September 1, 2013, and am currently assigned to the Albuquerque, New Mexico Field Office.

I am a Special Agent (SA) with the Bureau of Alcohol Tobacco Firearms and Explosives (ATF) and have been so employed since September 1, 2013, and am currently assigned to the Albuquerque, New Mexico Field Office.

I am a graduate of the Federal Law Enforcement Training Center, where I completed ATF Special Agent Basic Training and the Criminal Investigator Training Program.

Prior to my employment with ATF, I was a Police Officer with the Dallas Police Department, Dallas, TX, for three years. I am a graduate of Marquette University where I received a Bachelor of Science in Accounting in 2010. I have received training in the recognition, identification and testing of controlled substances as well as in common methods of trafficking in narcotics. I have participated in surveillance and interdiction operations at known drug locations and have made numerous arrests for drug related crimes. I have further received training in firearms trafficking and the diversion of legal firearms for unlawful purposes, participated in the investigation of many crimes of violence, including robberies, assaults, and homicides, and made numerous arrests for firearms and violent offenses. As a result of my training and experience, I have an understanding of the manner in which narcotics are distributed and various roles played by individuals or groups involved in the distribution, along with the unlawful use of firearms during crimes of violence and/or drug trafficking and firearms trafficking.

1 **INTRODUCTION AND PURPOSE OF AFFIDAVIT**

2 I submit this affidavit is support of a search warrant to search the following places for
3
4 evidence of Manufacturing Firearms without a License in violation of Title 18 United
5 States Code, Section 922(a)(1)(A):

6 1512 Golf Course Rd SE, Rio Rancho, NM 87124: The residence of Charles Warner,
7
8 further described as a single story stucco house located on Golf Course Road.

9 Any vehicles or out buildings on the premises.

10 I seek authorization to seize the items described in Attachment B and which is
11
12 incorporated by reference.

13 I am familiar with the information contained in this Affidavit based upon the
14
15 investigation that I have conducted, based on my conversations with other law
16
17 enforcement officers or industry operations investigators who have engaged in various
18
19 aspects of this investigation, and based upon my review of reports written by other law
20
21 enforcement officers involved in this investigation. Because this Affidavit is being
22
23 submitted for the limited purpose of securing a search warrant, I have not included each
24
25 and every fact known to me concerning this investigation. I have set forth only those
26
27 facts that I believe are relevant to determination of probable cause to support the issuance
28
of the requested warrant. When the statements of others are set forth in this Affidavit,
they are set forth in substance and in part.

26 **SUMMARY OF PROBABLE CAUSE**

27 *Identification of Chuck Warner*

1 On September 25, 2019, I received an email from a Federal Firearms Licensee (FFL)
2 operating in Rio Rancho. The tip referred me to Chuck Warner and the Elite Warrior
3 Armament Facebook page. The tip indicated that Warner was manufacturing firearms
4 under the business name "Elite Warrior Armament" Facebook page and the tipster
5 indicated Warner was a convicted felon. ¹

6
7 On September 26, 2019, I reviewed the Elite Warrior Armament Facebook page and
8 determined that the phone number listed on the website as well as the home address
9 match the listed phone and home address information available for Charles Warner (YOB
10 1965). A review of Warner's criminal history indicates that he has at least one qualifying
11 felony conviction. I have a certified record of conviction furnished to ATF regulators
12 during their investigation further described below and received affirmation in October of
13 2019 that no pardon was ever issued from South Carolina, for a conviction of *Breach of*
14 *Trust with Fraudulent Intent, Value greater than \$1,000* on July 18, 2002. Warner's
15 available criminal history also indicates on September 16, 1996, Warner was convicted of
16 *Breach of Trust with Fraudulent Intent, Value greater than \$1,000*. Warner was also
17 arrested and convicted of *Felon in Possession of a Firearm or Destructive Device* in New
18 Mexico in 2012. Warner pled guilty to one of the *Felon in Possession* counts and was

26

27 ¹ While reviewing Elite Warrior Armaments Facebook, I noted disparaging comments about the FFL who provided
28 the tip to ATF. An Industry Operations Investigator familiar with the issue stated there is a long history of bad blood
between the two parties, including alleged criminal fraud and unlawful sexual contact with a minor family member
respectively. While the tip brought the current issue to ATF's attention, all facts contained herein are independently
sourced or corroborated and in no way rely on the reporting party for corroboration.

1 sentenced to probation. Upon satisfactory completion of probation, the actual *Felon in*
2 *Possession* conviction was removed in accordance with the plea agreement.

4 ***Online Marketing for Manufacturing Firearms***

5 In reviewing the Elite Warrior Armament Facebook page, I found it contains
6 numerous images of firearms in various stages of manufacture from basic frames to
7 completed firearms. In the past approximately six months, numerous posts suggesting
8 current and ongoing firearms manufacturing, sales, and unlawful possession by Warner
9 were noted. The most recent post regarding such activity was dated September 15, 2019,
10 stated: "So it begins again... there is a build off a foot...again. This time it will be Shay
11 Akai and Chuck Warner building two very radical 5" 9mm single stacks. The design
12 parameters are being established, then it's off to the races!" The post was complemented
13 by an image of two firearms. Additionally, the words Chuck Warner linked to Warner's
14 personal Facebook page. An old photograph on that page of a white male bears a strong
15 resemblance to the driver's license photo of Charles Warner.
16
17
18
19

20 Another post on April 24, 2019, announced a build or production run of other firearms
21 with a target completion date of August or September, presumably of 2019, with a phone
22 number of (505) 227-7962 listed, which is the number available databases show belongs
23 to Warner.
24
25
26
27
28

1 A post on March 6, 2019, advertised 15 of 50 firearms being produced were still
2 available:

4 **Elite Warrior Armament**
March 6 · 🌐

5 There are 15 of 50 Standard production left.
6 I will open the list for deposits on those.
7 As most of you know, I quit taking deposits last fall when I committed to the
8 new frame mold. Having a closely definitive time of April for the molds
9 completion, I'm comfortable going forward again.
10 To avoid the boondoggle that occurred last time, I can ONLY be contacted
11 via E mail, or phone for these. You will be assigned a number when your
12 deposit is received, not when you commit to it.
13 When the mold is completed , it will go straight to production, And the frames
14 will be started. I will advise all of you timeframe for that step when it
15 happens.

20 The acceptance of deposits for individuals who are interested in the firearms depicted,
21 along with the frames of several such firearms, set against a backdrop of what appears to
22 be a blueprint reflects the intent to manufacture and distribute the firearms. However,
23 under federal law, a firearm is defined as, among other things, the frame or receiver of a
24 firearm. (See 18 U.S.C. § 921(a)(3)(B)) The picture depicted appears to show numerous
25 firearm frames which could be readily completed to make functioning firearms.

28 ***Historical Investigation by ATF Industry Operations Regulators***

1 I spoke with David Rodriguez, an ATF Industry Operations Investigator (IOI)
2 responsible for FFL licensure, compliance inspections, and background investigations.
3
4 Rodriguez informed me that based upon his professional experience with Warner in his
5 capacity as an IOI, he has dealt with Mr. Warner on numerous occasions.

6 Elite Warrior Armaments obtained a license to manufacture and deal firearms in Rio
7 Rancho, NM and opened a store front at 1511 Golf Course Road, Rio Rancho, NM. As a
8 Federal Firearms Licensee, Elite Warrior Armaments is obliged to follow the firearms
9 laws as enacted by Congress and the state of operation, and the regulations set forth by
10 ATF.
11
12

13 As Elite Warrior Armaments was a licensed manufacturer and dealer of firearms, it
14 was correspondingly subject to periodic inspection by Industry Operations Investigators
15 at ATF. Elite Warrior Armaments had several listed responsible parties on its license,
16 none of which was Chuck Warner. However, Warner was deeply involved in the
17 business and was determined to be acting as a silent partner by IOI's. So much so, that
18 eventually Elite Warrior Armaments was cited for numerous violations related to having
19 a felon involved with an FFL and subsequently had their license to manufacture and deal
20 firearms revoked. In that 2016 inspection, it was determined that Mr. Warner was
21 conducting gunsmithing activities and mailing firearms throughout the United States.
22
23 Mr. Warner was not listed as a Responsible Person on the Elite Warrior Armament FFL
24 because, in Warner's own words, there were issues with his passing a background check.
25
26
27
28

1 On several previous occasions, beginning on March 31, 2015, Elite Warrior
2 Armament's Responsible Parties were notified in writing that Warner was a convicted
3 felon; this notice was acknowledged in writing. Additionally, on February 12, 2016, after
4 previously being warned and observed to continue handling firearms, Warner was issued
5 a cease and desist letter ordering him to stop any activity on behalf of the FFL related to
6 firearms and to stop handling firearms; this warning was acknowledged by Warner in
7 writing.
8

9
10 By November of 2016, most of the original responsible parties (RP) on the Elite
11 Warrior Armaments FFL had left the business and removed themselves from the license
12 and LLC. One former RP, RP-1, stated they could not get Warner to follow the rules
13 regarding his not possessing or accessing firearms, and further stated they had no control
14 because Warner had access to the shop after hours. They wanted to close the company
15 because Warner was clearly not pursuing a pardon from South Carolina as he stated to his
16 partners he was doing.
17

18
19 An interview conducted with D.B., a new employee of Elite Warrior Armament, in
20 November of 2016 during the inspection by ATF, indicated Warner was still possessing
21 and manipulating firearms. D.B. specifically provided information that Warner worked
22 with firearms, had access to firearms, and frequented a gun range to shoot firearms. D.B.
23 stated Warner had access to every firearm on the premises. Shortly after this
24 conversation, D.B. was chastised for providing too much information and later terminated
25 from employment at Elite Warrior Armaments.
26
27
28

1 Because of the numerous infractions associated with knowingly providing a felon
2 access to firearms, the FFL for Elite Warrior Armament LLC was definitively revoked by
3 ATF on January 26, 2018. However, the entire process clearly underscores the knowing,
4 intentional, and flagrant nature of Warner's continued involvement in the manufacture,
5 and dealing of firearms, despite repeated attempts to prevent him from doing so,
6 numerous warnings from ATF, and indeed even another felony conviction (later vacated
7 for adequate service of probation) for Warner in New Mexico.
8

9 The information reflected on Warner's Elite Warrior Armament Facebook page
10 reflects the continuing pattern of manufacturing and dealing firearms by Warner. The
11 recent nature of the posts indicates that this pattern of activity is continuing at present.
12 Accordingly, ATF Special Agents initiated a criminal investigation into the actions of
13 Warner.
14

15 *Undercover Conversations with Chuck Warner*

16 Special Agent Sam Supnick, operating in an undercover (UC) capacity, initiated a
17 phone conversation with Warner at the number provided at Elite Warrior Armaments on
18 October 7, 2019. All UC contacts were recorded. Warner answered the phone and
19 identified himself as "Chuck." He stated in sum and in substance he had one more
20 "Standard Grade 1911" available in January, but that would be the last Elite Warrior
21 Armament (EWA) firearm. Warner stated he was finishing up EWA firearms and
22 winding down the company; he also stated he was working on personal projects,
23 understood to also refer to firearms in the context of the conversation. Warner referred
24
25
26
27
28

1 SA Supnick to look at the two-tone "Elite Classic" 1911 style firearms on his Facebook
2 page, and later texted SA Supnick a picture from his Instagram and Facebook accounts to
3 show him the firearm. SA Supnick said he would look at the firearm and get back to
4 Warner soon.
5

6 On October 8, 2019, SA Supnick again spoke with Warner at his listed phone number.
7 Warner provided the following information, in sum and in substance during his call with
8 the UC Agent Supnick. Warner stated he has built 50-60 firearms, some of which are
9 still being sold by local dealers. He also has 'personal project' firearms he and 'Travis'
10 are working on.
11
12

13 Warner told UC Supnick he would not take deposit money at the moment because he
14 couldn't be sure of the firearm production time, but would likely be able to make another
15 Elite Classic two tone 1911 for UC Supnick. Throughout the conversation, Warner
16 provided additional information about his work, which he repeatedly referred to as "my
17 guns." He said he uses a basic chassis (frame) which he purchases from a frame maker
18 because manufacturing frames is not cost effective. The frames of Elite Warrior
19 Armaments firearm's when it was operating under license were imported from Florida
20 and Texas, according to IOI Rodriguez. As the frame or receiver of a firearm is a firearm
21 under federal law, this creates an interstate nexus for federal jurisdiction. According to
22 IOI Shawn Blas, who has also investigated Warner/Elite Warrior Armament, frame
23 manufacturers would be required to either complete a 4473 form and background check
24 on an individual purchaser of a frame, or ship frames to a verified, licensed manufacturer
25
26
27
28

1 of firearms, which Elite Warrior Armament no longer has. Lastly, IOI Blas stated that
2 ATF gave Elite Warrior Armaments a deadline to dispose of their inventory of firearms
3 upon the revocation of their FFL, but there was no follow up to determine whether this
4 was done, and ATF did not seize any of the frames/firearms to which Warner would have
5 had access. Additionally, pictured models of firearms depict Colt slides and other
6 accessories which may have traveled in or affected interstate commerce.
7

8
9 Warner stated he uses the best of every component in his guns and is going to start a
10 "Bren 10" project, which may or may not be located in New Mexico. Warner stated New
11 Mexico was not very gun friendly. During the conversation, Warner made statements
12 indicating his intention to continue to manufacture and distribute firearms, including
13 phrases such as, "eventually when I am building them [firearms] again..." and "I'm
14 going to build them anyway..." and referenced having several additional 'personal
15 projects.'
16
17

18 On October 17, 2019, Chuck Warner reinitiated contact with ATF and texted SA
19 Supnick's undercover phone stating: "Call me when it's convenient. Good news." SA
20 Supnick returned the call a little while later and Warner answered the phone saying, "it's
21 Chuck." Warner told UC Supnick that he could make a firearm for him in the 'next week
22 or two,' and stated he could use the money this time of year. Warner told UC Supnick
23 that none of the dealers had any of his firearms he could handle as they were all sold out.
24
25

26 Warner requested a small deposit because he was going to bump, 'two things back
27 that I've got going.' He stated that there were just a couple of parts missing that he'd
28

1 need to get to make the firearm. Warner stated he had two serial numbers (which would
2 be stamped on the frames he has acquired to build the firearms) and that UC Supnick
3 could choose between serial numbers 239 and 240.
4

5 Warner and UC Supnick discussed some of the features of the firearm, such as grips,
6 and finish on the frame. Warner stated he does a 'blue over finish' on the firearm.
7 Warner also stated, "this frame is stainless," which also indicates he is in possession of
8 the firearm frame already.
9

10 Warner stated the final cost of the firearm is \$4500, and that retail for the firearm is
11 \$5500 as, "we have stopped building them and the price has gone up. UC Supnick
12 agreed to provide \$900 as a deposit. Warner stated UC Supnick would not have to wait
13 for the frames to be ordered stating, "I've got everything." Warner also confirmed he
14 would be manufacturing this firearm, not 'Travis.'
15
16

17 Warner stated he had a future build, understood to mean firearms, that he could push
18 back a little bit and complete the firearm. UC Supnick agreed to meet Warner in person
19 on Monday, October 28, 2019 to provide the cash.
20

21 ***Additional Observations at Warner Residence***

22 Warner did not appear to be at his listed residence – 1512 Golf Course Road – in Rio
23 Rancho while on the phone with UC Supnick. However, ATF SA's Supnick and Du Bois
24 conducted surveillance on the location on October 8, 2019, and observed a tan Chevrolet
25 Suburban bearing New Mexico plate: 958RLM and a black motorcycle bearing New
26
27
28

1 Mexico plate: 8541A. I queried these plates and received a return indicating they were
2 both registered to Chuck Warner at 1512 Golf Course Rd SE, Rio Rancho, NM.

3
4 Additionally, Warner is listed as living at this address in available databases, and has
5 been associated with this address for several years. Industry Operations Investigator
6 David Rodriguez was aware that Warner resided (1512 Golf Course Road SE) across the
7 street from Elite Warrior Armaments (1511 Golf Course Road SE), and upon revocation
8 of the Elite Warrior Armament FFL, observed manufacturing equipment from EWA at
9 Warner's residence.
10

11
12 Rodriguez drove past the Warner residence frequently in the course of his duties as an
13 IOI, and provided a statement to me saying: between December of 2017 and August of
14 2019, Rodriguez drove by the residence of Warner frequently and observed what
15 appeared to be manufacturing equipment outside his residence garage which appeared to
16 be the same or similar equipment observed at Elite Warrior Armaments.
17

18 Finally, in September of 2019, Warner was sued by his landlord for non-payment of
19 rent; this suit identified 1512 Golf Course Rd SE, Rio Rancho as Warner's address. This
20 issue was resolved and the case dismissed without prejudice at the request of the plaintiff
21 on October 17, 2019 and served to Charles Warner, still residing at 1512 Golf Course Rd
22 SE, Rio Rancho, NM.
23

24 Both SA Supnick and myself have separately observed a large white Conex type box
25 to be on the rear of the property, outside the property's fence, between the fence line and
26 the dirt alleyway. I accessed the Sandoval County Assessor's website, and determined
27
28

1 based on available records, that the property parcel for 1512 Golf Course Road SE,
2 number 1012067438516, appears to include the entire property from the street to the
3 alley, inclusive of the white conex shipping box. SA Wolfe, who has previously
4 observed the equipment used to manufacture firearms at Elite Warrior Armaments looked
5 at a photograph of the size and dimensions of this box and noted this box would
6 adequately store all of the equipment Warner and Elite Warrior Armaments had to
7 manufacture firearms.
8

9
10 On October 22, 2019, I observed the same tan Chevy Suburban belonging to Warner
11 parked in front of his residence.
12

13 TRAINING AND EXPERIENCE

14 Based upon my training and experience, I am aware of the following facts and
15 circumstances surrounding the acquisition, possession, use, and practices of individuals
16 who own firearms, whether legally or illegally:
17

- 18 a. It is common for individuals to possess firearms and ammunition to protect their
19 assets and persons from combative people, criminals, and in the case of those who
20 possess them unlawfully, from law enforcement.
21
- 22 b. Persons who purchase and possess firearms also tend to maintain the firearms and
23 ammunition for lengthy periods of time.
24
- 25 c. Firearms can be acquired both legally and unlawfully, without official/traceable
26 documentation. Persons who acquire firearms from Federal Firearms Licensees,
27
28

1 through deliberate fraud and concealment, often will also acquire firearms from
2 private parties and other sources unknown to ATF.

- 3
4 d. Persons who, whether legally or illegally, purchase, possess, sell and/or transfer
5 firearms or ammunition commonly maintain the firearms or ammunition on their
6 person, at their residence or business, in outbuildings or other storage containers
7 on the curtilage of the property such as sheds or detached garages, or in a motor
8 vehicle which they own and/or operate, so as to have easy access to them.
9
10 e. Firearms or ammunition are often secreted at other locations within their
11 residential curtilage, and the identification of these firearms will assist in
12 establishing their origin.
13
14 f. Persons who purchase, possess, sell and/or trade firearms or ammunition
15 commonly maintain documents and items that are related to the purchase,
16 ownership, possession, sale and/or transfer of firearms, ammunition, and/or
17 firearm parts, including but not limited to driver's licenses, telephone records,
18 telephone bills, address and telephone books, canceled checks, receipts, bank
19 records and other financial documentation on the owner's person, at the owner's
20 residence or business, or in vehicles that they own, use, or have access to.
21
22 g. Persons who possess or use firearms often maintain a variety of firearms
23 accessories including but not limited to, holsters, gun cleaning kits, spent shell
24 casings (brass), targets, gun belts, magazines, ammunition boxes, gun boxes, gun
25
26
27
28

1 locks, chamber flags, firearm cleaner and lubricant, all of which is probative
2 evidence of firearms possession.

- 3
4 h. Persons engaged in the manufacture or distribution of firearms frequently order
5 parts, accessories, kits, tools, and equipment related to the manufacture of
6 firearms; such items are frequently kept at the location from which the
7 manufacturing operation or distribution business is being conducted for the
8 convenience of the manufacturer.
9
10 i. Additionally, persons manufacturing firearms requiring the repetitive ordering of
11 firearms frames, parts, accessories, tools, machinery or other necessary items,
12 frequently maintain invoices, receipts, logs, contact lists, business records,
13 financial statements, business accounting records, bank statements, cancelled
14 checks, tax records, other financial documents, and customer lists, contact
15 information, accounts receivable and other documentation frequently associated
16 with the operation of a business.
17
18
19

20 CONCLUSION

21 Based upon the foregoing facts and circumstances, I submit there is probable cause to
22 believe that Warner currently occupies 1512 Golf Course Road and that Warner is
23 manufacturing and and engaging in the business of dealing firearms contrary to the
24 provisions of Title 18, United States Code, Section 922(a)(1)(A). I submit there is
25 probable cause to search the residence and vehicles of Chuck Warner as described in
26
27
28

1 Attachment A for the fruits and instrumentalities of unlawful firearms possession and
2 manufacturing, as described in Attachment B.
